Two reasons NOT to hook up with the Adonis next door...

1. He's ultra-grumpy—which wouldn't be a problem if his brooding scowl, stormy eyes, gravelly voice, and absurdly chiseled abs weren't my ultimate weakness.

2. He's older. Okay, eleven years older, although age is only math, right?

No big deal.

I'll avoid him. House-sit for three months before I head to New York City for a new job.

Forget there's a Hot AF grump next door.

Pretend he hasn't already seen me naked (long story).

Yeah, not happening.

I'll definitely hook up with the Adonis next door...

Only for the summer.

No phone numbers. No last names. Not even a hint of our real-world lives.

Then we'll kiss this small seaside town—and each other—goodbye.

Go our separate ways. Make this fling a sweet little memory.

Walking away should be easy since neither of us wants more.

But when we say goodbye, I wonder if his heart aches as much as mine.

And when we unexpectedly meet again, nothing could have prepared us for what happens next.

Warning: Forever Yours is a steamy age-gap romance with a dangerously hot neighbor, summer sizzle, and enough tension to set a small seaside town ablaze.
