

FOREVER YOURS

From Joslyn Westbrook comes a steamy age-gap romance that blends sizzling chemistry, banter, and a fling that refuses to stay simple.

My goal is pretty simple this summer: house-sit on the beach for three quiet months and mend what's left of my heart before starting a new job in New York.

What I don't need is Knox.

The slightly older guy next door who's brooding, guarded, and way too tempting—with a scowl that could melt glass and abs that ought to come with a warning label.

But when a small predicament, plus one very awkward naked moment, pushes our "only neighbors" thing into unexpected territory, sparks become impossible to ignore.

*So we lay down a few simple rules:
No last names. No numbers. No strings.*

A flawless arrangement...for about five minutes.

What begins as a summer-only fling soon feels deeper and far more dangerous to our hearts.

*Because once summer ends, walking away isn't as easy as we'd promised.
And when fate throws us back together, nothing could have prepared me for what happens next.*

Warning: Forever Yours is packed with kitten chaos, coastal-town shenanigans, big-city complications, and enough heat to make you reach for a fan.
